Professional Summary

AI/ML Intern with 3 months of experience building machine learning pipelines, Generative AI applications, and production-ready AI systems. Skilled in Python, data analysis, feature engineering. Experienced in RAG architectures, AI agents, and LLM workflow orchestration. Strong background in developing data-driven solutions for predictive analytics, automation, and intelligent decision systems.

Technical Skills

Programming: Python, SQL
Machine Learning: Scikit-learn, TensorFlow, Regression, Classification, Clustering, Model Evaluation.
Generative AI: LLM APIs, Prompt Engineering, RAG, LangChain, LangGraph, AI Agents,MCP, N8N.
Data Processing: Pandas, NumPy, EDA, Feature Engineering, ETL Pipelines
Visualization: Matplotlib,Seaborn

Professional Experience

AI & ML Intern Feb 2026 – Present
IKSC Knowledge Bridge, Pune

- Developed machine learning pipelines, improving data processing efficiency by 30%.
- Implemented scalable data preprocessing and feature engineering workflows.
- Designed retrieval-based AI systems using RAG architecture.

Projects

Data Science Project – End-to-End ML Pipeline

- Built a complete ML workflow, including EDA, feature engineering, and predictive modeling.
- Applied Scikit-learn algorithms and evaluated model performance.

AI Agent System – Autonomous AI Workflow

- Developed an AI agent framework for multi-step reasoning and automated modeling workflows.
- Integrated LLM APIs to build intelligent Automation systems.

LangGraph Tool – LLM Workflow Orchestration

- Built graph-based LLM pipelines, enabling modular AI workflows.
- Implemented tool-calling and structured reasoning with LangGraph.

LLM Document Q&A System (RAG)

- Developed a Retrieval-Augmented Generation pipeline using LangChain and FAISS.
- Built FastAPI endpoint and containerized the system using Docker.

Education

Bachelor of Engineering – Artificial Intelligence & Machine Learning
Adarsh Institute of Technology and Research Center , Vita 2022 - 2026

Certification

Gen AI Engineering with OpenAI ,Antropic

Complete Agentic AI Bootcamp With LangGraph and Langchain
